Regarding the Cancellation of “Tenri University Summer Japanese Language Course 2021”

Tenri University has just decided to cancel “Tenri University Summer Japanese Language Course 2021” which is to be held from July 8th until 20th this year. This happens in two consecutive years due to the pandemic outbreak of the novel coronavirus (COVID-19) infection throughout the world.

We are very sorry for causing so much trouble to all of those who are involved at our overseas partner universities, but humbly ask for your understanding for our decision.
