A photograph of the National Museum of Modern Art, Tokyo. The building is a large, modern structure with a prominent, curved, white roof that extends over a series of glass-enclosed upper levels. The main facade is a light-colored, textured wall with a grid of small, square windows. In the foreground, a bronze statue of a seated male figure, possibly a Japanese artist, is positioned on a large, rough-hewn rock. To the left of the statue, there are several wooden picnic tables and a small, young tree with green leaves. A large, cylindrical stone planter filled with colorful flowers sits on the paved plaza. The sky is a clear, bright blue.
